

# Control Your Diabetes for Life!

## Know the signs and symptoms:

- Weakness and tiredness
- Frequent trips to the restroom
- Tingling in hands, legs or feet
- Thirst
- Weight loss
- Blurred eyesight

***Medicare Part B covers screening for diabetes.***

**If you or someone you love has diabetes, make sure that you get these important tests:**

- A dilated eye exam every year
- A cholesterol test, also known as a lipid test, every year
- A blood sugar test, also known as an A1c, every three to six months

**These services are covered under Medicare part B. Call your doctor today to make an appointment.**
